

## Gone for Good

### Lock

Prisoners:

Lock me up inside and through away the key.  
Put me in the dungeon and I never will be free.  
Throw me in the darkness,  
And take away my light.  
Take away the sunshine and fill my soul with night.

Lock me in the shadows and forget about me.  
Shut me in your memory and never let me be.  
Put me in the corner,  
And show me naught but hate.  
Show me a coming dawn before it's too late.

Danny:

Put me in your prison and leave me in despair.  
Do not bother looking for I'll always be there.  
Keep me from my true love  
And take away my breath.  
Keep me here until all of our deaths.

Prisoners:

Lock me up in summer, shining bright and new.  
Leave me in the winter so you'll have a better view.  
Hold me from the sunlight,  
And put me in your plan.  
Hide me from the world so I can never be a man.

Danny:

We could have had a future,  
We could have lived our lives.  
But now that all is over,  
I will surely not survive.

Prisoners:

We all had a family,  
We all loved a girl.  
We all lost our innocence  
When we went out in the world.

Danny:

So lock me in your heart and never let me go.  
I'll torment you like you could never know.  
Take away my hope  
And I'll ruin your life.  
Keep me from my future and my future wife.

Now this heart of mine is aching,  
I can't see you and it's breaking.  
I don't know how to keep living,  
I don't think I can keep living  
Without you...  
This heart of mine is taking me away.

### **End Song**

Officer:

Rebecca is it?  
I have news for you,  
Some tragic news for you.  
You must sit.

Becky:

Sir have your say.  
What's this news,  
This tragic news  
You bring today?

Officer:

Daniel has been lost,  
It seems he payed the cost  
Of his betrayal.

We know not where he is  
Nor will he be sought for,  
He was taken before  
He died.

Becky:

Taken?  
And who took him?

Officer:

The enemy released him,  
The enemy then seized him.  
To the foe is where he'll go.

Becky:

Please leave me,  
Let me be.  
I need to be alone.

Officer:

I'll leave you on your own.

**Believe**

Becky:

Our time was not enough for me,  
I always wanted more,  
If I could've seen you before  
The foe took you from me.

The world we could've made,  
Was glory in its light.  
We'd throw away the night.  
And let the darkness fade.

You would be my husband,  
I would be your wife.  
We could live together,  
We could live our lives.

Still I believe you are there above,  
I believe in the power of endless love.  
I believe that we can be together,  
And in the end, we'll live forever.  
I believe we'll meet again,  
I'll be washed free from sin,  
And you'll be too.  
Free from the chains that bind you.

The city in its stride,  
Would be our wedding suite.  
It's taste would be so sweet,  
With you in all your pride.

The army took your future,  
And I have all your past.  
I'll make the memory last.  
Of that I am so sure.

I will keep your memory,  
I'll watch it with my heart.  
You'll never leave my feelings,  
You'll never leave my heart.

I believe you are there for me.  
In the world where all are free.  
I believe in the power of endless love.  
I believe we'll be together above.

This heart of mine is breaking,  
This heart of mine is breaking...

### **End Song**

Danny:

Will you ever let me go?!  
Let all these people go?  
Hear my cry!  
Answer me why!  
Come into this prison that you built!

Billy:

What is all this racket?  
I am deep in thought, I need my quiet.

Danny:

Billy?  
I thought you were gone.  
You were long gone,  
Gone for good.

I've been missing you.  
I've been getting through  
Alone when you are here.

Billy,  
Set me free,  
Let all these people go!

Billy:

Danny how nice to see you.  
I had no idea you were in this jail.  
Release these men from chains,  
There's no need to restrain  
These men, these gods, these heroes,  
Who stood against our foe.  
Let these people go!

Danny:

Billy, tell me why  
You are here in this city.  
Tell me where you have been all these years.

Billy:

It was not my doing,  
I meant to only leave the school.  
I meant only to leave the past,  
But I was gone too fast.

## The Truth

Billy:

That city you were part of took me to the gate.  
They threw me out of it and quickly sealed my fate.  
All I wanted was a life all on my own,  
But they would not have it.

The exiled me from living in the place where I had lived  
They damned me the moment that I had nothing to give.  
All I wanted was to be a legend,  
But they would not have it.

The truth is that they're evil,  
The truth is they're the foe!  
I know you might not think so,  
But it's something I know!

We fight them in the fields,  
We fight them in the bay.  
They try to overtake us  
And we drive them away.

You were in the army that has caused me so much strife.  
They took away my freedom and they threw away my life.  
But now I have a life of my own,  
And they will not have it.

Now you're in my prison and I'll make you this one deal.  
Join me in my conquest and make the freedom real.  
The people will be grateful  
And they will love you.

Danny:

I could be a savior?  
I could be a man?

Billy:

The truth is that you're strong,  
The truth is that they're weak.  
Join me in this battle and you'll  
Find the comfort that you seek.

## End Song

Billy:

What say you my friends?  
Will you join in my crusade?  
Let the city's walls all fade?  
Set the people free?

Prisoners:

We will stand beside you,  
We will set them free.  
We won't disappoint you,  
Watch us and you'll see.

Billy:

Danny?  
What do you think?  
Will you join in my fight,  
Beat back the night,  
Bring the people light?

## Real

Danny:

How can I be sure that it's real?  
How do I know that you're true?  
What is the meaning of evil,  
Are we not all too?

Tell me you're telling me fact,  
And I'll believe you.  
Tell me you've forgotten the past.  
And I'll believe you.

Billy:

It's real,  
It's real.  
It's real as the pain I feel.  
You feel it too,  
And you know it's true,  
This is the truth made for you.

Danny:

So if this is real,  
What can I do?  
I know not of revolution,  
I know no more of you.

I will think about it,  
And tell you what I find.  
I will take a small break,  
And search all through my mind.

Billy:

It's real,  
It's real.  
It's real as the pain I feel.  
And you know it's true,  
This is the truth made for you.

I'm feeling like revolution,  
I'm ready to take a stand.  
With you by my side,  
To avenge those who died,  
And make this world a new land.

### **End Song**

Danny:

I'll be waiting.  
Leave with these men and leave me alone.  
I'll think of your proposal,  
And tell you what I think.

Billy:

I'll be back at dawn.  
With the light,  
Of the rising sun.

Danny:

The future is now...  
The future is now...  
Can I do this?

## Dream of Me

Becky:

Your path of darkness is unending,  
I'll light the path for you.  
Whenever you need guidance,  
I will help you through.

I am your mind's savior,  
I bring you peace within.  
And when you finally return,  
I'll be with you again.

So if you're lost,  
And cannot find the way.  
No matter the cost,  
I'll be here to stay.  
Even if the gates of heaven should call me,  
I'll set you free,  
Just dream of me.

You're going to lead the righteous,  
You will be the one.  
You'll ride out in the morning,  
Before the rising sun.

Just dream of me,  
Then you'll see,  
You can be,  
A man set free.

Danny:

You will be my anchor,  
To guard me from the sea.  
I will be here steadfast,  
No wave will conquer me.

Becky:

So if you're lost,

Danny:

I'm so lost!

Becky:

And you cannot find the way.

Danny:

I won't find my way!

Becky:

No matter the cost,  
I'll be here to stay.  
And even if the gates of heaven should call me,  
I'll set you free,  
Just dream of me.

Just dream of me,  
And you will see,  
You can be,  
A man set free!

Just always remember,  
To dream of me.

### **End Song**

Billy:

So Danny, I've given you time.  
I've given you time.  
What have you to say?

### **Real (Reprise)**

Danny:

It's real,  
It's real,  
It's real and I'll take your deal.  
And I know it's true,  
I will follow you.

It's real,  
It's real,  
It's real as the pain I feel.  
And I know it's true.  
It's painfully true.  
I know that it is all true.

### **End Song**

Billy:

Why Danny this is good news!  
So very good news!  
I've been missing you.  
Do you know what we will do?

Danny:

No, but I will follow you.

Billy:

The city must fall,  
We must burn it all.  
We must set the people free!

Danny:

And what about you?

Billy:

I will lead the charge!  
I will take a stand!  
Now take my hand.  
Cause I'm feeling like revolution!

## **Revolution (Reprise)**

Revolutionaries:

We will all work to liberate the city,  
We'll all work to set the people free.  
They don't know what is in store,  
We'll leave them wanting more,  
We will be the ones they'll all love me.

We will be the ones to change the system.  
We will be the ones to right their wrongs.  
We're ready to die  
To stop all these damn lies,  
We'll liberate the people before long.

Danny:

I'm feeling like revolution!  
I'm ready to change the world!  
I'll become a man,  
Do what I can,  
To change the world into one of gold.

Revolutionaries:

We will end the tyrant's terror,  
We will turn the darkness into light.  
We're not giving in,  
We'll cleanse all of their sin.  
We'll put an end to this unending night.

Danny:

Cause I'm feeling like revolution,  
I'm going to see my love!  
I'll get there fast,  
And then we'll last,  
And the world will be greeted by doves.

**End Song**

Billy:

I'm glad you all are ready!  
Revolution's drawing near.  
Soon we'll be at the city,  
Soon the foe will be here.

Danny:

I can see her visage,  
I can see her face.  
I can feel her heart beat,  
Across this barren space.

Becky!

Becky:

Danny!

### **Time**

Becky:

I thought you were gone for good,  
I'd given hope away.

Danny:

I am not hurt, I am okay,  
Who thought that I would?

I'm just glad to see you before we go ahead.  
I am afraid some of us may end up dead.

Becky:

Just give me this time,  
Make it all mine,  
Tell me that you'll think of me as you should.  
Remember me, when you're gone for good.

Danny:

I will give you my time,  
It's all I have to give.  
I'll always know you our my  
Reason that I live.

Time,  
All we have is time,  
And that time is nothing.  
Time,  
I'll be gone in time.  
And then there'll be nothing.

Becky:

Time,  
Please forget the time,  
And forget this plan of yours.  
Time,  
Please don't go this time,  
Don't go out to change the world.

Danny:

I could be your savior,  
I could be the one.  
Don't hold me from my future,  
This plan's all but begun.

Becky:

Just give me time,  
Time is all I need.  
I just need you for time!

You may leave me,  
But in time you'll see,  
That you won't have me in time.

Danny:

Time is all I wanted,  
Time that I can't have.  
I'll help you when it's over,  
I'll help you in the end.

Becky:

Stay with me for one night,  
Give me this one time.  
You can leave at dawn,  
And your heart will be mine.

Danny:

Time,  
I'll give you this time,  
I'll always be glad I did.  
Time,  
Don't you leave me time,  
Stay with me like she did.

Becky:

I can be your heaven,  
I can be your light.  
Don't go to your battle,  
Be with me tonight.

### **End Song**

Billy:

Where is Danny?  
I can't believe he left.

Revolutionary 1:

I saw him leave with a girl,  
One he called Becky.

Billy:

Becky?  
How could he have Becky?  
I have no one, he has her.  
Becky?  
Why does he get Becky?  
That's not how we were!

It's time to fight!  
Show them all your light!

## **Charge!**

Revolutionaries:

The battle is raging,  
The future is ours.  
The fire is flying,  
The clock ticks the hours.

We will stand our ground.  
We'll leave none behind.  
We'll push toward the town hall,  
And see what we find.

Charge!  
To the center of the enemy.  
Shoot!  
When you see the whites of their eyes.  
Duck!  
Or it's the last shot you'll ever see.  
Don't run!  
Even when you think it'd be wise.

The colors are flying.  
The bullets are here.  
The guns are all loaded.  
The triumph is near.

The foe is a coward.  
The cause is all just.  
The leader is nowhere.  
The town hall is bust.

Charge!  
To the center of the enemy.  
Shoot!  
When you see the whites of their eyes.  
Duck!  
Or it's the last shot you'll ever see.  
Don't run!  
Even when you think it'd be wise.

Charge!  
Shoot!  
Charge!

**End Song**

## Triumphant

Billy:

He was my one true friend,  
How could he do this?  
He went and got the whole world,  
Betrayed me with a kiss.

Danny:

Triumphant!  
I just heard we were triumphant!  
Congratulations!

It's a feeling like never before,  
And now I'm feeling like more!  
We set the people free!  
Come celebrate with me.

The city is free, triumphant.  
The people emerged, triumphant.  
And now here we stand, triumphant.  
We won the battle,  
Took a stand,  
Showed them we can!

It's a feeling like never before!  
They didn't know what was in store!  
The people are all free!  
Come celebrate with me!

Billy:

Triumphant,  
I was triumphant,  
Not you!

I have never hurt you,  
Like you did to me.  
You never understood me,  
Once I lost my dear Torie.

Danny:

I don't understand,  
We are triumphant!

Billy:

Not you,  
Never you.  
It was never true for you.

I'm feeling like revolution?  
You never stood with me!  
You took my soul,  
And crushed it's goal.  
I'll never let you be free!

### **End Song**

Billy:

Soldiers!  
Come to me my soldiers!

Take this man away,  
He's betrayed us on this day.  
Take this man away!

Revolutionaries:

Where to sir?  
Where should we take the traitor?

Billy:

Throw him in the prison,  
Throw him in the jail.  
Throw him in the bin,  
Just never let me see his face again.

## Lock (Reprise)

Danny:

Lock me up in silence and never let me speak.  
Put me in the dungeon and I won't know what to seek.  
Keep me from the sunshine,  
And take away my light.  
Keep me from the sun 'til I'm accustomed to the night.

Put me in the corner and forget all about me.  
Keep me down forever and I never will be free.  
Put me in your soul,  
And make me dark again.  
Put me in the shadows 'til again I'm full of sin.

My love I never wanted,  
To end up in this place.  
I only ever wanted,  
To see your pretty face.

Time,  
I've no more time.  
My love, we never had the proper time.  
Time,  
No time,  
I only wish we had a little time.

Throw me in your dungeon and chain me to the wall.  
Hang me from the rafters but never let me fall.  
But me on the ceiling,  
And leave me there at last.  
Leave me in the darkness to wallow in the past.

Lock me up inside and throw away the key.  
Shut me in your memory and never let me be.  
Put me in the corner,  
And show me naught but hate.  
Show me a coming dawn before it's too late.

I won't live forever,  
I won't be a god.  
They will not remember,  
All that I have got.

**End Song**

Becky:

Danny!  
I am here to free you!  
To give you some time.

I love you,  
And I need you,  
And now we have some time.

Danny:

I'm sorry,  
But I've got to,  
Go and finish this.

This time,  
It is over,  
I'll leave you with a kiss.

### **Be Free**

Becky:

Before you go,  
I want you to know,  
That if you stay with me,  
You can still be free.

You may not  
Return from this,  
But if you do then know,  
I will never go.

Danny:

I will be your lover,  
I will come for you.  
I will always be there  
To always get you through.

Becky:

Be free!  
With me!  
Be free!

Danny:

I will be free,  
I will you'll see,  
I will be with you.

I will be me,  
And then you'll see,  
That we can all pull through.

Becky:

I can be your shelter  
From the outside world.  
I will hide you from the  
World not shining gold.

You will be free!  
If you're with me!  
I'll set you free!

Danny:

Wait here while I end this,  
I'll come in the end.  
I will finish Billy,  
I will stop my friend.

Becky:

Goodbye Danny,  
I'll be waiting!  
I'll be taking the time.

So long Danny,  
I'll be waiting,  
I'll be making the time.

Danny:

The future is now!  
I now know how!  
The future is near,  
The future is here!

**End Song**

Billy:

What are you doing in here?  
I ordered you out of my sight!  
I don't want to see you,  
You've darkened my light!

Danny:

You are my friend!  
Don't do this to both of us.  
We can make the time for this.  
Don't end it all like this.

Billy:

But Becky?  
Why did you get Becky?  
I needed someone, I needed Torie.

Danny:

She is gone,  
Let her go!  
Becky's mine,  
Please do not be jealous!

Billy:

Don't talk of jealousy!  
Don't say that to me!  
I needed a companion!  
And you took our friend.

Danny:

After you left us!  
You left us!  
Remember that you started it all?

Billy:

Enough of this,  
It is all over!  
No more talking,  
We must end this.

## Confrontation (Reprise)

Danny:

I am sorry for this  
World that you are in.  
But you must let her leave you,  
You must cleanse yourself of sin.

Billy:

You never knew  
What it's like to be me,  
You never did see,  
I got nothing from you.

You can't tell,  
The pain that I feel,  
This world of the real,  
I'm still in this Hell!

Danny:

You'd betray your brother?  
You'd betray your friend?  
I tried to stand beside you,  
I guess this is the end.

Billy:

In my life,  
I have been all alone,  
Forever on my own!  
I've known only strife.

Now I'm close to dead.  
And I have no more light.  
A world with endless night.  
My heart is filled with lead.

Danny:

Please don't do this Billy,  
Don't leave me like this.  
I know you think I left you,  
But you I always missed.

Billy:

I do not believe you,  
I think you're to blame.  
I will never leave you,  
You've killed me in my shame.

### **End Song**

Danny:

Billy!  
Why'd you do it?  
Why'd you end it all like this.

It's not my fault!  
I never meant it!  
Don't blame this all on me,  
You always were free,  
It's me in chains.  
It's me who remains.

### **Live Forever**

Billy:

It's just you and me,  
For eternity.  
You closed my life so now I'll close the door.

Because you see,  
You were damned to be  
Haunted since you left me on that floor.

Danny:

It's not my fault!

Billy:

In your agony  
I will always be  
There to make sure that you suffer more.

Killing me was not the end  
You lost your soul, you lost a friend  
You may break but I will never bend!

Now we're here together,  
I will live forever!  
You will never break me,  
You will never shake me away,  
I will live forever, you'll never lead me astray.

Danny:

Leave me alone!

Billy:

Your soul is mine,  
For all of time,  
Be sure that I will make it so you burn.

You took my life,  
You took my life!  
You'll never reach that heaven that you yearn.

Danny:

I didn't kill you!

Billy:

Killing me was not the way  
You damned yourself that very day  
And for that crime you will forever pay!

To your soul I'm tethered,  
I will live forever!  
You are not alone,  
But you're on your own.  
I am here to break you,  
I am here to shake you 'til death.  
I will live forever 'til your very last breath!

We are here together,  
I will live forever!  
You will never break me,  
You will never take me away.  
I will live forever, you'll never lead me astray.

We are here together,  
Our souls are tethered.  
We are here together,  
And I will live forever!

Danny:

Let me be!

### **End Song**

Becky:

Danny I heard you shouting,  
Come forget your fear.  
I'll always be beside you,  
I am always here.

Danny:

Billy is no longer,  
He killed himself in there.  
He felt that life was over,  
He though life was unfair.

Becky:

I know it's hard.  
But we must go on.  
Without him.

## Fantasy

Becky:

Turn your face to the surreal,  
Forget this world we know.  
The pain will be behind you,  
In that place we never go.

Danny:

I want to go there with you,  
I want to leave this place.  
I do not care where we go,  
As long as I can see your face.

Both:

Take me to that fantasy,  
The place where I can be  
Free from this world.  
Take me to fantasy,  
I want to go where I can see  
A world of gold.

Danny:

Take me to the field  
Where grass is never brown.  
Take me out past heaven,  
And never bring me down.

Becky:

I will go there with you,  
I will be you light.  
In that place beyond the sky,  
We'll never have a night.

Both:

Take me to that fantasy,  
The place where I can be  
Free from this world.  
Take me to fantasy,  
I want to go where I can see  
A world of gold.

Billy:

Take me to that fantasy.

Torie:

Take me to that fantasy.

All:

I'll go to that fantasy,  
I'll leave this world behind!  
I'll go there and I'll be free,  
From the darkness of my mind!

I want a world of freedom,  
Not one full of sin.  
I want to go to fantasy,  
Where a new world can begin.

Danny:

I'll be in fantasy!

Becky:

Out there in fantasy!

Billy & Torie:

We'll be in fantasy!

All:

Bring me that fantasy  
I'm waiting to be free!  
Fantasy!
