

Do Not Weep

Do not weep for children lost.
An innocent soul
Has nothing to fear.

Do not mourn the people past.
Rather commemorate
Them with your life.

Cry no more for friends you miss.
They lived a life,
And had a friend.

Rather, weep for the lonely fallen.
For the one
You didn't know.

Mourn the one you never liked.
They alone
Never had your time.

She a tear for the unloved mass.
Now is a chance
For you to care.
