

## Light My Soul on Fire

If this is all the Heaven is,  
And I can go no higher,  
Then free me from eternal bliss  
And light my soul on fire.

Throw me out with all your trash  
On the mighty funeral pyre,  
Of all things thrown out in a rash  
And me, my soul on fire.

Lock me out of heaven's gates  
And brand me thief and liar.  
Please don't look on me with hate,  
Just light my soul on fire.

And in the other place  
Where hope is often dire,  
Never look me in my face,  
But light my soul on fire.
